

## WHEN SLEEP COMES

you'll be drifting off to dreamland when sleep comes (when sleep comes)

you'll be drifting off to dreamland when sleep comes (when sleep comes)

listen for the distant lull of a land so wonderful

you'll be drifting off to dreamland when sleep comes

you'll be wearing warm pyjamas when sleep comes (when sleep comes)

you'll be wearing warm pyjamas when sleep comes (when sleep comes)

you'll be toasty like a lamby in your snug form fitting jammy

you'll be wearing warm pyjamas when sleep comes

we'll be there to shut the light out when sleep comes (when sleep comes)

we'll be there to shut the light out when sleep comes (when sleep comes)

still the dim glow of your night lights will protect you from the night's frights

we'll be there to shut the light out when sleep comes

you'll be snorin' like a tiny chainsaw when sleep comes (when sleep comes)

you'll be snorin' like a tiny chainsaw when sleep comes (when sleep comes)

hear that chorus of little voices making tender snorty noises

you'll be snorin' like a tiny chainsaw when sleep comes here it comes
