

SNOWY BLANKET

D G
last night I went to sleep the sky was clear and deep
Bm A
today I woke to see that the world is in a dream
G A D
where is everything is gone underneath a snowy blanket
D G
where are all the trees and the little shrubberies
Bm A
where are all the cars some were small and some were large
G A D
now everything is gone underneath a snowy blanket
D G
where is my yard if I squint and look real hard
Bm A
I think that I can see where my garden used to be
G A D
now everything is gone underneath a snowy blanket
A D
underneath a snowy blanket
D G
where did it all go I don't recognize my home
Bm A
have I somehow woken up in a souvenir globe
G A D
cause everything is gone underneath a snowy blanket
A D A D
underneath a snowy blanket underneath a snowy blanket

where everything was gone underneath a snowy blanket

underneath a snowy blanket underneath a snowy blanket
