

BECAUSE I LOVE YOU

G D7 C
caught in the rain it's not a pain because I love you
G D7 C
noises in the night I don't feel a fright because I love you
G D7 C
under a cloud I don't cry out loud because I love you
G D7 C
lost in the woods I feel good because I love you

Am D
and I'm gonna love you forever and ever
Am D
you make me feel light as a feather
Am D C
no matter the noises no matter the weather it's true

G D7 C
stuck in a storm my toes are warm because I love you
G D7 C
stumble and fall I don't bother at all because I love you
G D7 C
a bump in the road lightens my load because I love you
G D7 C
the sun may fade I feel great because I love you

solo

G D7 C
a long way to climb I don't mind because I love you
G D7 C
sharks in the waves I'm ok because I love you
G D7 C
sand in my shoe I whistle a tune because I love you
G D7 C
chased by a bear I don't care
