

SUPERSONIC MOTORCYCLES

D G
I am at the beach on a peaceful day watching the sea birds laugh and play
Bm A G
the sound of waves lapping the shore who could ask for anything more
D G
suddenly from the parking lot comes a blast of noise like a cannon shot
Bm A G
motorcycles revving and squealing this is now how I am feeling

D G C
I am scared of supersonic motorcycles
D G C
I am nervous around supersonic motorcycles
D G C F G A# C A
I have a problem with supersonic motorcycles

D G
napping in the park in the shade of the sun quiet time is my kind of fun
Bm A G
solo silent meditation nothing else but good vibrations
D G
suddenly a terrible sound like a thunder clap from underground
Bm A G
motorcycles engines blaring this is why I am declaring

D G
sunday morning and I'm sleeping in covers pulled up tight and the lights are dim
Bm A G
got no plans to leave my pillows morning time is oh so mellow
D G
out of the blue comes a lightning bolt exploding motorcycle manifold
Bm A G
there goes all my relaxation here's my bummed out realization
