REASONS FOR THE SEASONS

С these are the reasons for the seasons E7 that's why the world spins around and around Am everything is changing always rearranging D7 all that I am saying is isn't it amazing F G C the world keeps spinning around С Am D7 the reason that there is a spring is to nourish growing things С D7 Am we're full of hope we're full of love clouds dissapear sun's up above F ſ the nights get shorter and the days grow long F С G a bird sings a springtime song

D7 С Am the reason that there is a summer is to fill the world with color С Am D7 F flowers bright and trees are green lazy days for you and me F F С surfing through the waves in the sun at the beaches F С G we can eat a million peaches

С Am D7 the reason that there is a fall is to chill out after all Am D7 С F the long hot days they slow way down all the greens turn to brown С С and a rainy wind blows as we huddle together F G С here comes a change in the weather

С D7 Am F the reason that there is a winter is to make everybody shiver С Am D7 F the days are short the sun is rare 'cause all the clouds hide it up there F С С and the world hibernates under snow on the hills F G С everything is frozen and still

С these are the reasons for the seasons F F7 that's why the world spins around and around Am everything is changing always rearranging D7 all that I am saying is isn't it amazing G F F G Am the world keeps spinning around and around and around and around D7 F G the world keeps spinning around and around and around and around F G C the world keeps spinning around
