LULLABY IN THE SKY

blue night and a swishin of branches high
A D
blue night and a lullaby in the sky
A D
purple light purple light in the hazy sun
A D
and the cool air of the evening has begun
A D
look up soak in the sunset close your eyes
A D
lay back rest your ears let the notes float by A D
outer space is pluckin and pickin on a sweet banjo
A D
breathe deep slide into sleep and hover down so low
broading deep and into cloop and never derin or len
A D
lullaby in the sky (4)
A D
open up both of your ears and let it in
